

WESTERN MINDANAO STATE
UNIVERSITY

ANNUAL REPORT 2025

Terminal Letter

HIS EXCELLENCY FERDINAND MARCOS JR.

President

Republic of the Philippines

Malacañang Palace, Manila

On behalf of Western Mindanao State University (WMSU), I am pleased to submit the University's 2025 Annual Report, a comprehensive account of the milestones, innovations, and accomplishments that have defined our journey over the past year. This report reflects the collective efforts of our academic community in advancing excellence in instruction, research, extension, production, and governance while remaining responsive to the evolving needs of society.

The year 2025 marked another significant chapter in WMSU's continuing pursuit of academic distinction and institutional transformation. Guided by our commitment to quality assurance, innovation, and inclusive development, the University strengthened its academic programs, expanded opportunities for research and knowledge generation, enhanced student support services, and deepened its engagement with communities and partner institutions. These initiatives underscore our resolve to provide education that is not only accessible and relevant but also transformative and future-oriented.

Amid an increasingly dynamic and interconnected environment, WMSU continued to embrace innovation, digitalization, and sustainability as key drivers of institutional growth. Through strategic investments in human resource development, infrastructure modernization, technology integration, and collaborative partnerships, the University reinforced its capacity to deliver quality services and create meaningful impact across the region and beyond.

The achievements highlighted in this report are a testament to the dedication, resilience, and excellence of our faculty, staff, students, alumni, and stakeholders. Their unwavering commitment has enabled the University to remain a leading institution of higher learning and a vital partner in advancing regional development, social progress, and nation-building.

We express our profound gratitude to the national government, our partner agencies, local government units, industry collaborators, and the broader WMSU community for their invaluable support and trust. Their continued partnership has been instrumental in helping the University fulfill its mandate and realize its strategic goals.

As we look toward the future, WMSU remains steadfast in its vision of becoming a globally recognized institution that nurtures competent professionals, innovative leaders, and socially responsible citizens. We are committed to sustaining our gains, embracing new opportunities, and contributing meaningfully to the achievement of national development priorities and the aspirations of the Filipino people.

We respectfully submit this report and hope it provides meaningful insight into the University's accomplishments, challenges, and continuing commitment to excellence in public service. We look forward to your continued guidance and support as we pursue greater achievements in the years ahead.

Thank you for your trust and partnership in advancing higher education and fostering inclusive and sustainable development.

Ma. Carla A. Ochotorena, R.N., Ph. D.

President

President's Foreword

As Western Mindanao State University presents its 2025 Annual Report, I am filled with immense pride and gratitude as we reflect on another year marked by meaningful progress, transformative initiatives, and unwavering commitment to our mandate as a premier institution of higher learning in the region.

The year 2025 has been a period of purposeful advancement for WMSU. Guided by our vision of becoming a Smart Research University, we continued to strengthen our foundations in instruction, research, innovation, extension, and governance while embracing emerging opportunities brought about by a rapidly evolving global landscape. Through the collective efforts of our faculty, staff, students, alumni, partners, and stakeholders, we have sustained our momentum toward excellence and institutional transformation.

Throughout the year, WMSU pursued strategic initiatives aimed at enhancing the quality and relevance of education, fostering a culture of innovation, and expanding the impact of research and community engagement. Our academic programs continued to evolve to meet the demands of the future workforce, while our research endeavors generated knowledge and solutions responsive to the needs of our communities, industries, and society. These accomplishments reflect our enduring commitment to producing competent, innovative, and socially responsible graduates who can thrive in an increasingly interconnected world.

As we navigate the era of digital transformation, the University has intensified efforts to harness technology, data-driven decision-making, and smart systems to improve learning experiences, research productivity, administrative efficiency, and stakeholder engagement. These initiatives form an essential part of our journey toward becoming a Smart Research University—one that leverages innovation, knowledge creation, and technological advancement to address real-world challenges and contribute meaningfully to sustainable development.

Equally significant are our efforts to strengthen partnerships and collaborations with government agencies, industry leaders, academic institutions, local communities, and international organizations. These partnerships have enabled us to expand opportunities for learning, research, resource generation, and community development, reinforcing WMSU's role as a catalyst for regional growth and national progress.

Our commitment to service remains at the heart of our mission. Through impactful extension programs and community-centered initiatives, WMSU continued to uplift lives, promote inclusive development, and empower communities across Western Mindanao and beyond. These efforts underscore our belief that education and knowledge must ultimately serve the greater good and contribute to building a more equitable and resilient society.

The accomplishments highlighted in this report are the result of the dedication, professionalism, and passion of the entire WMSU community. They stand as evidence of what we can achieve when united by a shared vision and driven by a common purpose.

As we look toward the future, we remain steadfast in our pursuit of excellence, innovation, inclusivity, and sustainability. With renewed determination, we will continue to strengthen our institutional capacities, expand our impact, and realize our aspiration of becoming a globally recognized Smart Research University that transforms lives and communities through quality education, relevant research, and responsive public service.

On behalf of the University, I extend my sincere appreciation to all our stakeholders for their continued trust, support, and partnership. Together, we will continue to shape a future defined by excellence, innovation, and meaningful societal impact.

Ma. Carla A. Ochotorena, R.N., Ph. D.
President

ABOUT US

A Brief History of WMSU

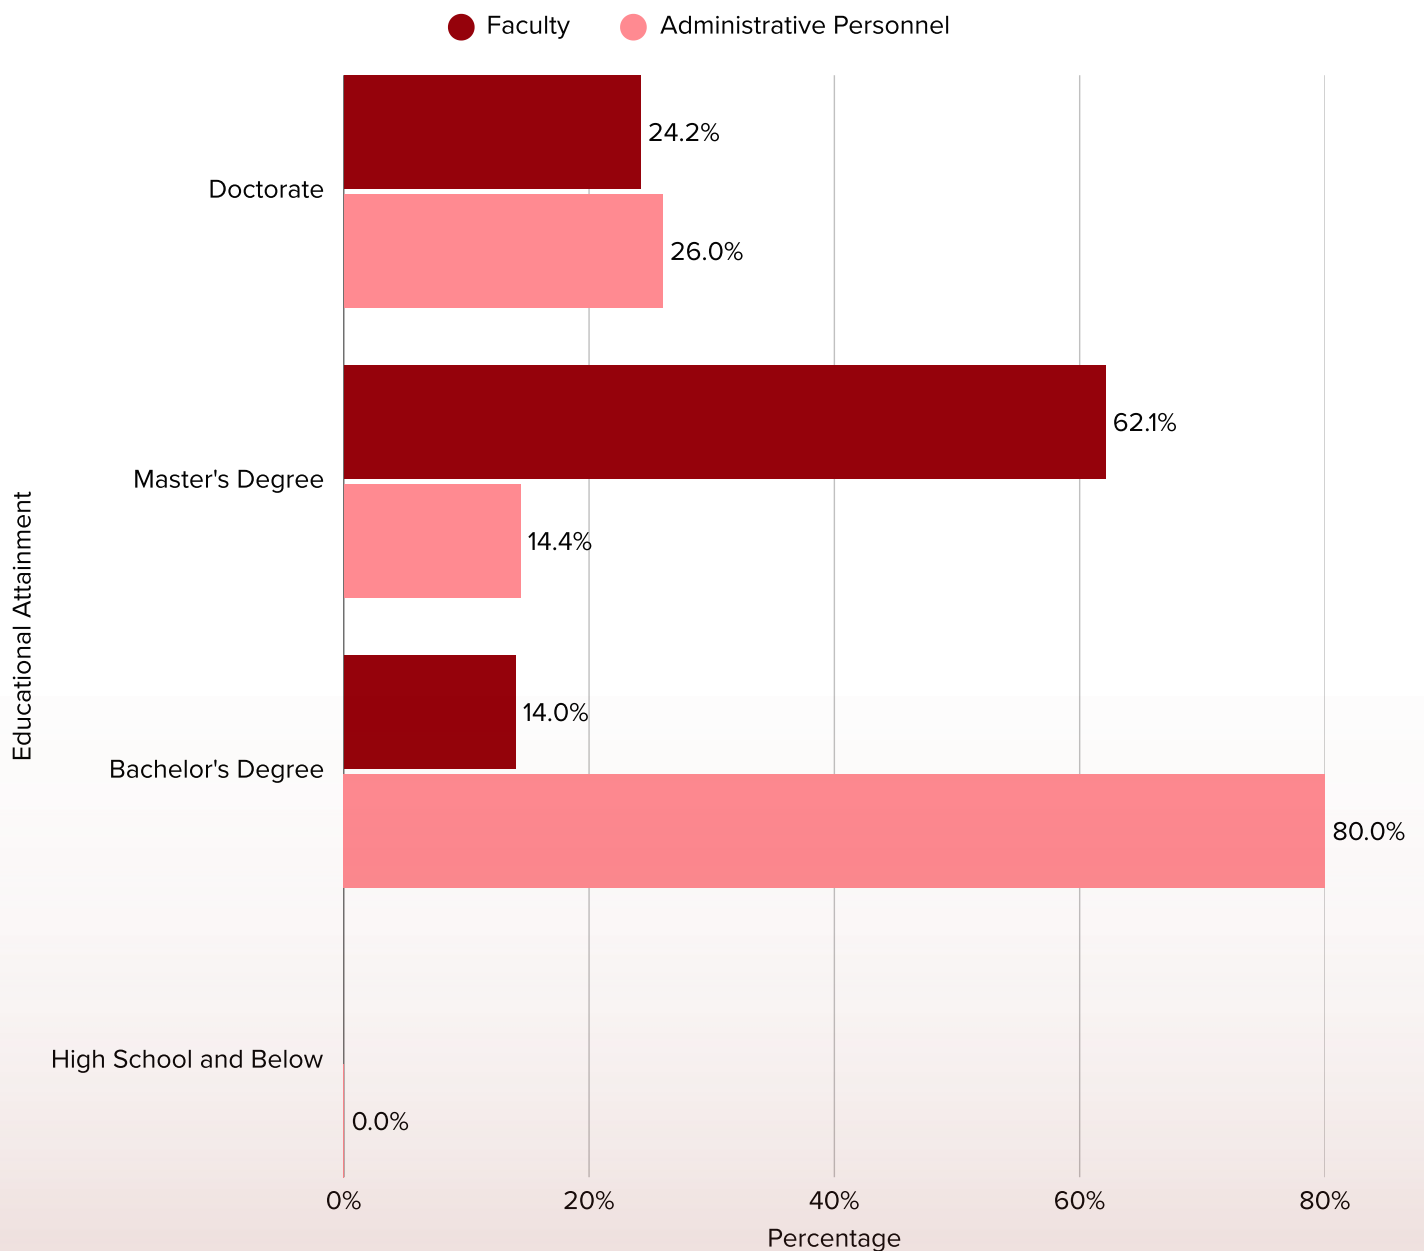

Western Mindanao State University (WMSU) traces its origins to 1904 when it was established as a secondary school with an initial enrollment of 26 students. Created during the introduction of the American public school system, the institution played a vital role in addressing the demand for teachers in Mindanao and Sulu while promoting a broader and more progressive educational curriculum.

Over the years, the institution underwent several transformations that reflected its growing mandate and influence. It became the Provincial Secondary School in 1905, the Provincial Normal School in 1914, and the Zamboanga Normal School in 1918 following the completion of the historic Normal Hall. In 1961, it was elevated to Zamboanga Normal College, and in 1969, Republic Act No. 5492 converted it into Zamboanga State College.

A significant milestone was achieved on June 10, 1978, when Presidential Decree No. 1427 transformed Zamboanga State College into Western Mindanao State University. Since then, WMSU has grown into the premier state university in Western Mindanao, offering a wide range of academic programs through its colleges and campuses.

Today, WMSU remains committed to excellence in instruction, research, extension, and innovation. Guided by its vision of becoming a Smart Research University, it continues to produce globally competitive graduates and contribute to regional and national development.

HIGHER EDUCATION PROGRAM

In 2025, Western Mindanao State University continued to uphold its mandate of delivering transformative and inclusive higher education by strengthening academic quality, enhancing student success, and promoting excellence across its instructional programs. Through learner-centered education, innovative teaching practices, and outcomes-based instruction, the University remained committed to developing graduates equipped with the knowledge, competencies, and values necessary to excel in a rapidly evolving global environment.

The University's academic achievements were reflected in the outstanding performance of its students in regional and national competitions, commendable results in professional licensure examinations, successful accreditation and quality assurance initiatives, and the continuing accomplishments of its faculty and staff in teaching, research, extension, and professional development. These milestones demonstrate WMSU's sustained pursuit of academic excellence and institutional quality.

Guided by its vision of becoming a Smart Research University, WMSU continuously enhances its academic programs to ensure relevance, innovation, and responsiveness to emerging societal and industry needs. By fostering a culture of excellence, lifelong learning, and global engagement, the University remains steadfast in its mission of producing competent, ethical, and future-ready graduates who contribute meaningfully to national development and the advancement of society.

RESEARCH AND INNOVATION PROGRAM

In 2025, Western Mindanao State University sustained its commitment to advancing research and innovation as key drivers of academic excellence and national development. The University continued to cultivate a dynamic research ecosystem that encourages the generation of new knowledge, promotes interdisciplinary collaboration, and supports innovative solutions to emerging local, national, and global challenges.

Through strengthened research capabilities, increased scholarly productivity, and the dissemination of research outputs in reputable conferences, journals, and knowledge-sharing platforms, WMSU enhanced the visibility and impact of its intellectual contributions. The University also intensified efforts to translate research findings into practical applications through technology transfer, innovation initiatives, policy support, and community-responsive programs, ensuring that research outcomes create tangible benefits beyond academia.

Anchored on its strategic vision of becoming a Smart Research University, WMSU continues to foster a culture of inquiry, creativity, and evidence-based decision-making. By integrating research, innovation, and collaboration into its core functions, the University remains steadfast in producing knowledge that advances scientific discovery, informs public policy, empowers communities, and contributes to sustainable regional and national development.

EXTENSION AND COMMUNITY DEVELOPMENT

In 2025, Western Mindanao State University continued to reinforce its commitment to public service by implementing extension programs that address the evolving needs of communities across Western Mindanao. Guided by its mandate as a public higher education institution, WMSU translated knowledge, research, and innovation into practical solutions that promote inclusive growth, resilience, and sustainable development.

Working closely with local government units and community stakeholders, the University implemented initiatives focused on capacity building, livelihood enhancement, education, environmental stewardship, and health promotion. These collaborative efforts strengthened community capabilities while fostering meaningful partnerships that support long-term development goals.

Through responsive and impact-driven extension services, WMSU continues to bridge the gap between the University and the communities it serves. By empowering individuals, promoting innovation, and creating opportunities for shared growth, the University reaffirms its role as a catalyst for positive social transformation and nation-building, extending the benefits of higher education beyond the campus and into the communities where they are needed most.

INTERNATIONALIZATION EFFORTS

In 2025, Western Mindanao State University further advanced its internationalization agenda by strengthening global partnerships and expanding opportunities for international collaboration across instruction, research, extension, and innovation. Guided by its vision of becoming a globally competitive Smart Research University, WMSU continued to cultivate meaningful engagements that enhance academic quality, institutional capacity, and intercultural understanding.

The University actively pursued strategic collaborations with higher education institutions, research organizations, and international partners through academic exchanges, collaborative research initiatives, capacity-building activities, and institutional partnerships. These engagements have created valuable opportunities for knowledge sharing, innovation, and the exchange of best practices, while enriching the global perspectives of the University's faculty, staff, and students.

Complementing these initiatives, WMSU strengthened its participation in international academic networks, reinforcing its commitment to quality assurance, research excellence, and sustainable development. These continuing efforts not only expand the University's global reach but also contribute to the development of graduates who are globally competent, culturally responsive, and equipped to address the challenges of an increasingly interconnected world.

Through sustained international engagement, WMSU continues to position itself as a dynamic institution that fosters global partnerships, promotes academic excellence, and generates knowledge and innovations that create meaningful impact both locally and internationally.

NOTABLE INSTITUTIONAL ACHIEVEMENTS

In 2025, Western Mindanao State University continued to strengthen its reputation as a leading higher education institution through a series of significant institutional accomplishments and recognitions. Guided by its commitment to excellence, innovation, and quality governance, the University sustained its compliance with internationally recognized standards, advanced its strategic initiatives, and expanded its presence in both national and global academic platforms.

The University's continued recognition in international rankings, successful maintenance of its ISO-certified Quality Management System, and growing engagement in global academic and research networks underscore WMSU's pursuit of organizational excellence and institutional competitiveness. These milestones demonstrate the University's dedication to delivering quality instruction, impactful research, responsive extension services, and effective governance while embracing innovation and continuous improvement.

As WMSU advances toward its vision of becoming a Smart Research University, these achievements serve as tangible evidence of its commitment to fostering a culture of excellence, accountability, and sustainability. More importantly, they reaffirm the University's role as a transformative institution that empowers communities, contributes to national development, and enhances its standing within the global higher education landscape.
